

ECONOSEAL®

Simple cartoning and casepacking equipment!

ECONOCORP is established the world over as a manufacturer of productive, economical cartoning machines and casepacking systems for end-loaded or top-loaded cartons of either paperboard or corrugated material.

End Load Cartoning Capabilities

Mini-Monoseal Semi-automatic carton sealing device.

Operator presents one end of carton over the glue pot and starts the cycle via a foot pedal. Carton is manually lifted up to compression plate for sealing. Hot melt glue closure.

E-System 2000 Automatic horizontal cartoner.

Speed: up to 1500 cartons/hour. Erects, loads and closes end-load cartons in moderate speed packaging lines. Tuck closure, hot melt glue or hot air closure.

Twinsideal Semi-automatic, horizontal cartoner.

Speed: up to 1800 cartons/hour. Loaded carton is placed in machine where two end flaps are sealed simultaneously. Hot melt, cold glue or hot air sealing.

V-System Automatic, vertical cartoner.

Speed: up to 2400 cartons/hour. Cartons are erected, bottom of carton is closed, presented for product loading and top of carton is closed. Glue or tuck closure.

Spartan Automatic, horizontal cartoner.

Speed: up to 2400 cartons/hour. Cartons are erected, presented for product loading, closed and delivered. Glue or tuck closure.

Pegasus Cartoner Automatic, horizontal cartoner.

Speed: up to 7200 cartons/hour. Cartons are erected, presented for product loading, closed and delivered. Glue or tuck closure.

Top Load Cartoning Capabilities

Reverse Tri-Seal

Semi-automatic cover closer.
Speed: up to 1800 cartons/hour.
3-flap sealer for cartons with hinged covers. Seals end flaps first, then front flap.

ECONOLOCK/ECONOFORM

Automatic tray formers.
Speed: up to 1500 trays/hour.
Flat, die cut blanks are pulled from magazine and tray is formed - either corner lock (ECONOLOCK) or corner glue (ECONOFORM).

T-System

Automatic top load system.
Speed: up to 1500 cartons/hour.
Integrated line forms, conveys, closes and seals top loaded cartons.

Casepacking

Speed: up to 600 cases/hour.
Accommodates corrugated and folding board materials.
RSC styles. Full flap, economy flaps and butting end flap construction.

Econocaser

Automatic horizontal casepacker.

Econopacker
Semi-automatic casepacker.
